

ADULT PET CARE PACKAGES

WHAT IS A PET CARE PACKAGE?

It is a prepaid health care plan that provides recommended preventive health care (tailored to your pet's lifestyle and species) for your pet for twelve months.

WHAT DOES IT INCLUDE?

Pet care packages cover the recommended exams, testing, and vaccinations for dogs and cats depending on their age. You also have the option of choosing to add your pet's dental cleaning to this package. The specifics are listed on the back.

IS THE PET CARE PACKAGE AN INSURANCE POLICY?

No, the Pet Care Package is not an insurance policy. Unlike most pet insurance policies, the Pet Care Package provides for recommended preventive medicine. As an additional benefit, you pay reduced rates for additional medical and surgical care during the coverage period and receive discounts on most medications and health care products. Also, pre-existing problems are not excluded from being covered.

WHY SHOULD MY PET BE COVERED BY A PET CARE PACKAGE?

As a conscientious pet owner, you are probably already providing the recommended wellness examinations and core vaccinations. The Pet Care Package offers these at a lower fee than if purchased individually. It also provides for reduced fees in the case of unexpected illness or injury. The Pet Care Package will assist you in providing the best care possible for your pet. The purchase of a Pet Care Package also gives you 10%-15% off medications, hospitalization, laboratory, & surgical services depending on your invoice total for the covered pet:

Invoices up to \$500.00	10% off
Invoices over \$500.00	15% off

HOW MUCH DOES A PET CARE PACKAGE COST?

Specific coverage for your pet is outlined on the back. The Adult Pet Care Package for dogs provides approximately **\$552.28+** worth of preventive veterinary care for one year for **\$34.87 per month (+\$125 deposit)** or **\$457.74 in advance**. The Adult Plus Pet Care Package for dogs provides approximately **\$842.28+** worth of preventive veterinary care for one year for **\$61.24 per month (+\$125 deposit)** or **\$718.74 in advance**. The Adult Pet Care Package for cats provides approximately **\$492.22+** worth of preventive veterinary care for one year for **\$26.24 per month (+\$125 deposit)** or **\$372.29 in advance**. The Adult Plus Pet Care Package for cats provides approximately **\$727.22+** worth of preventive veterinary care for one year for **\$47.61 per month (+\$125 deposit)** or **\$583.79 in advance**. These figures do not include the discounts received on additional services and products.

WHAT ISN'T COVERED?

All heartworm and flea products, supplements, medications, and health care products are available at a discounted rate. The only dispensed products that are not discounted are our prescription and maintenance foods. And of course, services provided at another veterinary facility (including Blue Pearl, IVS, and ISU) are not covered.
